LORDSWOOD - KENT

PHASE 2
FINAL FOUR HOMES

Welcome to Vixen Place

Feel instantly at home at Vixen Place in Lordswood – a collection of three- and four-bedroom semi, detached and townhouse-style homes built by Roadhouse. Our vision was to create a safe, welcoming environment where people can put down roots, with house types that match modern lifestyles and an enduring quality of build.

From these strong foundations we add layers of architectural interest and design details. From the outside the homes possess the warm, traditional character seen across Kent, with honey-coloured brickwork and tile-hung elevations.

Inside, there is an elevated specification with no need to pay for extras. Included as standard is underfloor heating to the ground floor, all floor coverings, under cabinet lighting in the kitchen, and rainfall shower heads and storage alcoves with feature lighting in the bathrooms/ensuites. Those buying early in the construction phase will enjoy the benefit of tailoring interior choices, while some house types come with bifold doors, a separate utility and a games room/snug.

A new place to call home

The 20 houses at Vixen Place are laid out to form an attractive enclave, with three clusters of properties and a street scene softened by trees, lawned front gardens and attractive landscaping. Each property has designated parking, photovoltaic solar panels, an electric vehicle charging point, a superfast fibre internet connection and a lawned rear garden with patio.

Choose local,
choose Lordswood

Lordswood enjoys a super central location in the Medway, close to shops, schools, transport links and some of the most glorious swathes of the Kent countryside.

There's an impressive range of amenities for a relatively small, friendly neighbourhood, including Lordswood Leisure Centre, Lordswood Primary School, a sports and social club, a bowling alley, a library, several supermarkets and convenience stores, restaurants, take-aways and a health centre. Hempstead Valley Shopping Centre is just four miles away, increasing the choice of retail options.

A 10-minute walk from the development is access to Capstone Farm Country Park, where ancient woodlands, old orchards, meadows, a play park, a freshwater lake and a café are set across 114 hectares of unspoilt land. This wild expanse of nature, right on the doorstep, is a massive draw for families.

Sample the Medway magic

You only have to travel a few miles to enjoy other local delights. Walk the North Downs Way and rest at Blue Bell Hill picnic site - an Area of Outstanding Natural Beauty where spectacular views are much photographed, or clip into your bindings and whizz down the slope at Chatham Snowsports Centre. Alternatively, book a tee time at Cobtree Manor Park Golf Course or step back in time at Leeds Castle.

The wider Medway is rich in historic towns. Chatham is just over three miles away, where you'll find the closest mainline train station, the Dockside Shopping Centre, the Historic Dockyard and Chatham Marina.

Rochester is just to the west of Chatham and an unmissable place to eat, drink shop and sightsee. Set on the banks of the River Medway, you can explore the iconic cathedral, a Norman castle and the Victorian buildings that inspired novelist Charles Dickens.

Follow the Medway south and you'll come to Maidstone – Kent's county town and home to a rich assortment of cultural, retail and leisure options. Theatres, art galleries and museums sit cheek-by-jowl with High Street shopping, an Odeon cinema and a trampoline park – set against a backdrop of more than 2,000 listed buildings and a stunning waterside location.

Making the grade

As well as the eponymous Lordswood Primary School, there is no shortage of other educational options close to Vixen Place. Those with primary school-aged children can also choose from Maundene Primary School, Swingate Primary School, St Benedict's Catholic Primary School, Walderslade Primary School and Tunbury Primary School, which are all less than a mile from the new homes.

Older children in Lordswood are able to apply for a number of Kent's top performing selective schools. These include Holcombe Grammar School (boys), Sir Joseph Williamson's Mathematical School, (boys), Chatham Grammar (girls) and Fort Pitt Grammar School (girls). All operate a mixed, selective sixth form.

Non selective secondary-age education is provided by The Victory Academy, while the area has an exceptional provision for children with special educational needs, with the Inspire Academy, The Rowans and Bradfields Academy among the options. Post 18 education can be found at the Medway Campus of the University of Kent and the Rochester campus of the University for the Creative Arts.

For private education, there are a number of reputable schools in the area, Kings Preparatory School in Rochester, St Andrew's School in Rochester and Bryony School in Gillingham are all within a 15 minute drive.

Travel

Lordwood is a predominantly residential location where daily essentials are within walking distance. There are excellent road connections to the motorway network via the M2 and the M20, and superfast rail services from the closest train station at Chatham.

In the top 3% of energy efficient new homes

We have gone above and beyond what is required of housebuilders to create 20 new homes, each with an EPC rating of A – the highest, most energy efficient grade possible. To put this achievement into context, less than 3% of new builds had an EPC A rating in 2022. Additionally, 85% of new homes have an EPC score of around 82 out of 100, while at Vixen Place, that score is 96.

Vixen Place was highly rated thanks to its superior construction and first-class eco features, which include

- 6 flush-fit, photovoltaic solar panels per property, generating 3 kilowatts of power per [LLI]
- electric vehicle charging point to every property
- extra width cavity walls with the highest spec insulation
- extra insulated floors
- boilers that include heat recovery systems, which collect the waste hot air from the flue pipe and reuse it to heat the hot water. The home owner could save up to £380 per annum on their energy bills as a result.

As well as resulting in naturally warmer homes, lower fuel bills and reduced carbon emissions, the homes at Vixen Place carry long-lasting appeal thanks to their energy efficiency. Buyers with one eye on the future can relax knowing 40% of homebuyers looking to purchase a property in the next decade consider the EPC rating very important*.
